1. NATURE AND CONTINUANCE OF OPERATIONS

Fjordland Exploration Inc. (the “Company” or “Fjordland”) was incorporated on September 19, 1996 pursuant to the *Company Act* (British Columbia) and the common shares were listed for trading on the TSX Venture Exchange (“Exchange”). The Company is in the process of actively exploring its mineral properties and has not yet determined whether these properties contain ore reserves that are economically recoverable. The Company is considered to be in the exploration stage and does not have operating cash flow.

The Company’s head office, principal address and registered and records office is 1100, 1111 Melville Street, Vancouver, British Columbia, Canada, V6E 3V6.

These financial statements of the Company have been prepared in accordance with International Financial Reporting Standards (“IFRS”) on a going concern basis, which contemplates that the Company will be able to realize its assets and discharge its liabilities in the normal course of business. Accordingly, these financial statements do not include any adjustments to the amounts and classification of assets and liabilities that might be necessary should the Company be unable to continue as a going concern.

The Company’s continuing operations as intended are dependent upon its ability to identify, evaluate and negotiate the acquisition of, participation in or interest in new properties, assets or business opportunities, and raise additional funds by way of equity financings. Any acquisition may be subject to shareholder and regulatory approval and obtaining the necessary financing. Should the Company be unable to complete such a transaction, its ability to raise sufficient financing to maintain operations may be impaired. The Company has a deficit of \$17,506,712 and has incurred a loss of \$122,337 for the period ended March 31, 2021. Although the Company has been successful at raising funds in the past through the issuance of share capital, it is uncertain whether it will be able to continue this financing in the future. These material uncertainties may cast significant doubt on the Company’s ability to continue as a going concern.

Since December 31, 2019, the outbreak of the novel strain of coronavirus, specifically identified as “COVID-19”, has resulted in governments worldwide enacting emergency measures to combat the spread of the virus. These measures, which include the implementation of travel bans, self-imposed quarantine periods and physical distancing, have caused material disruption to business globally resulting in an economic slowdown. Global equity markets have experienced significant volatility and weakness. The duration and impact of the COVID-19 outbreak is unknown at this time, as is the efficacy of the government and central bank interventions. It is not possible to reliably estimate the length and severity of these developments and the impact on the financial results and condition of the Company in the future.

2. BASIS OF PREPARATION

Statement of Compliance

These condensed interim financial statements, including comparatives, have been prepared in accordance with International Accounting Standard 34 “Interim Financial Reporting” (“IAS 34”) using accounting policies consistent with IFRS issued by the International Accounting Standards Board (“IASB”) and interpretations of the International Financial Reporting Interpretations Committee (“IFRIC”).

2. BASIS OF PREPARATION (continued)

Basis of preparation

These condensed interim financial statements have been prepared on a historical cost basis, which are stated at fair value through other comprehensive income (loss). In addition, these condensed interim financial statements have been prepared using the accrual basis of accounting, except for cash flow information.

The preparation of these condensed interim financial statements in conformity with IAS 34 requires management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. Actual results may differ from these estimates. These condensed interim financial statements do not include all of the information required for full annual financial statements.

These condensed interim financial statements, including comparatives, have been prepared on the basis of IFRS standards that are published at the time of preparation.

New accounting standards and interpretations

Certain new accounting standards and interpretations have been published that are not mandatory for the March 31, 2021 reporting period. The Company has not early adopted the following new and revised standards, amendments and interpretations that have been issued but are not yet effective:

- Presentation of financial statements

An amendment to IAS 1 was issued in January 2020 and applies to annual reporting periods beginning on or after January 1, 2023. The amendment clarifies the criterion for classifying a liability as non-current relating to the right to defer settlement of a liability for at least 12 months after the reporting period.

3. SIGNIFICANT ACCOUNTING POLICIES

These unaudited condensed interim financial statements have been prepared in accordance with IFRS as issued by the IASB on a basis consistent with those followed in the Company's most recent annual financial statements for the year ended December 31, 2020.

These unaudited condensed interim financial statements do not include all note disclosures required by IFRS for annual financial statements, and therefore should be read in conjunction with the annual financial statements for the year ended December 31, 2020. In the opinion of management, all adjustments considered necessary for fair presentation of the Company's financial position, results of operations and cash flows have been included. Operating results for the three-month period ended March 31, 2021 are not necessarily indicative of the results that may be expected for the current fiscal year ending December 31, 2021.

4. FINANCIAL AND CAPITAL RISK MANAGEMENT

The Company's financial instruments consist of cash, receivables, deposits, accounts payable and accrued liabilities. The fair value of these financial instruments, other than cash, approximates their carrying value, unless otherwise noted. Cash is measured at fair value using level 1 inputs.

Credit Risk

Credit risk is the risk of a financial loss to the Company if a counterparty to a financial instrument fails to meet its contractual obligations.

The Company's cash is held in major Canadian financial institutions. The Company's receivables consist of GST receivable and a tax credit receivable that are due from government agencies. Management believes that the credit risk concentration with respect to these financial instruments is minimal.

Interest Rate Risk

The Company is not exposed to significant interest rate risk due to the short-term maturity of its monetary assets and liabilities.

Liquidity Risk

The Company ensures that there is sufficient capital in order to meet annual business requirements, after taking into account administrative, property holding and exploration budgets. As the Company does not have operating cash flow, the Company has relied primarily on equity financings to meet its capital requirements. The Company is exposed to liquidity risk.

Foreign Exchange Risk

The Company is not exposed to significant foreign exchange risk as it operates in Canada and does not undertake any significant foreign currency transactions.

Capital Management

The Company's objectives when managing capital are to safeguard the Company's ability to continue as a going concern in order to pursue the exploration of its mineral properties and to maintain a flexible capital structure which optimizes the costs of capital at an acceptable risk.

The Company defines its capital as shareholder's equity.

The Company manages the capital structure and makes adjustments to it in light of changes in economic conditions and the risk characteristics of the underlying assets. To maintain or adjust the capital structure, the Company may attempt to issue new shares, issue debt, acquire or dispose of assets or adjust the amount of cash.

In order to facilitate the management of its capital requirements, the Company prepares periodic expenditure budgets that are updated as necessary depending on various factors, including successful capital deployment and general industry conditions. In order to maximize ongoing exploration efforts, the Company does not pay out dividends. The Company's investment policy is to keep its cash treasury on demand deposit in an interest bearing Canadian chartered bank account. The Company is not subject to any externally imposed capital restrictions.

(a) South Voisey's Bay, Labrador

Commander Agreement

The Company, in September 2014 as amended November 2014, entered into a Memorandum of Understanding ("MOU") with Commander Resources Ltd ("Commander") whereby the Company was granted an option to earn a 75% undivided interest in the South Voisey's Bay property.

The Company has earned a 15% interest in the property by having expended \$350,000 in exploration costs prior to the option agreement expiration on August 15, 2015.

7. MINERAL PROPERTIES (continued)

(a) South Voisey's Bay, Labrador (continued)

Commander Agreement (continued)

The Company, in June 2017, entered into a Letter of Intent ("LOI") with Commander Resources Ltd ("Commander") whereby the Company was granted a series of options to earn an additional 85% undivided interest in the South Voisey's Bay property by incurring the following cash, exploration expenditures and share issuance:

- i) 20% interest - 200,000 common shares (issued) and \$600,000 (incurred) in exploration expenditures on or before October 31, 2017
- ii) 40% interest - \$10,000 (paid) and 250,000 common shares (issued at a value of \$47,500) on or before July 26, 2018
\$15,000 (paid) and 300,000 common shares (issued at a value of \$21,000) on or before July 26, 2019
\$25,000 (paid) and 350,000 common shares (issued at a value of \$24,500) on or before July 26, 2020
\$40,000, 400,000 common shares and \$2,400,000 in exploration expenditures on or before October 31, 2021
- iii) 25% interest - \$200,000, 3,000,000 common shares and \$5,000,000 in exploration expenditures on or before October 31, 2024.

A 2% net smelter returns royalty ("NSR") will be granted upon exercising the final payment. 1% of the NSR may be repurchased for consideration of \$5,000,000. Upon commencement of commercial production, an advanced royalty payment will be made in the amount of \$10,000,000.

As at March 31, 2021, the Company had earned an aggregate 35% interest in the property.

HPX agreement

On September 5, 2017, the Company entered into an agreement with HPX BC Holdings Inc. ("HPX"), an affiliate of Ivanhoe Industries, LLC. Under the terms of the agreement, HPX has subscribed by means of a private placement and has been issued 14,000,000 units of the Company for proceeds of \$1,400,000. In addition, HPX has the option to incur, on behalf of the Company, \$7,400,000 in exploration expenditures by October 31, 2024 (\$2,600,000 incurred to date) and to make \$290,000 property payments (\$50,000 received to date). If the funding is completed and the Company acquires a 100% interest in the South Voisey's Bay project, the Company has agreed to assign a 65% project interest to HPX.

HPX may also nominate two directors if they maintain equity ownership of between 10-50%, and three directors if greater than 50%.

HPX also maintains an anti-dilution right, such that they have the right to participate in future financings to maintain their ownership percentage.

7. MINERAL PROPERTIES (continued)

(b) North Thompson Nickel Belt, Manitoba

On April 28, 2020, the Company entered into an option agreement with CanAlaska Uranium Ltd (“CanAlaska”) whereby the Company was granted options to acquire up to an 80% interest in the Hunter and Strong properties in Manitoba. Under the terms of the agreement, the Company can earn, over a six-year period, its interest by incurring the following cash, share issuance and exploration expenditures:

- i) On signing - \$25,000 (paid) and 1,000,000 common shares (issued at a value of \$60,000)
- ii) 49% interest - \$1,500,000 in exploration expenditures on or before May 27, 2022
- iii) 21% interest - \$50,000 and 1,500,000 common shares and \$2,500,000 in exploration expenditures on or before May 27, 2024
- iv) 10% interest - \$75,000 and 6,000,000 common shares and \$5,000,000 in exploration expenditures on or before May 27, 2026

Upon completion of each stage of exploration the Company may elect to proceed to the next stage or in the alternative continue by means of a joint venture. In the event that the Company has earned a minimum 70% project interest and a feasibility study yields certain minimum values the Company will then issue to CanAlaska an additional 10,000,000 common shares. Pursuant to the joint venture, the parties may contribute to ongoing exploration expenditures on a pro-rata basis or elect to dilute to a 10% interest in which event their interest will convert to a 2% NSR. In the event that CanAlaska is the party granted the 2% NSR they will be entitled to an advance royalty payment upon commercial production. This payment will be equal to 2% of the capital cost of the mine and will be capped at \$10,000,000.

(c) Renzy, Quebec

On December 7, 2020, the Company entered into an option agreement with Quebec Precious Metals Corporation (“QPM”) whereby the Company may acquire a 100% interest in certain mineral claims known as the Volcain claims in Hainaut Township, Quebec. Under the terms of the agreement, the Company can earn its interest by paying \$50,000 (paid), issuing 1,000,000 common shares (issued at a value of \$100,000) and incurring exploration expenditures of \$1,000,000 during the five-year option term.

QPM will retain a 1% NSR of which the Company may repurchase 0.5% of the NSR for consideration of \$500,000 and the remaining 0.5% for \$2,500,000. A pre-existing 1% NSR is payable to Jacques Duval and 1% NSR payable to Andre Gauthier of which the Company may repurchase 0.5% for the sum of \$250,000; and the remaining 0.5% for the sum of \$250,000, to each of Gauthier and Duval.

In November 2020, Company acquired by staking additional claims contiguous with the Volcain claims. In accordance with the option agreement, any property staked within the area of interest will be deemed for all purposes to be part of and comprised in the property.

(d) Milligan West, British Columbia

In February 2013, the Company and Serengeti Resources Inc. consolidated certain claims located in north central British Columbia into the Milligan West project. Initially ownership was shared equally however, as a result of the Company electing not to participate in the 2019 exploration program its interest has been diluted to 42.3% (2020 – 42.3%).

8. RIGHT-OF-USE ASSET AND LEASE LIABILITY

Under IFRS 16 – *Leases*, the Company assesses whether a contract is, or contains, a lease. For contracts that are, or contain, leases, the Company recognizes a right-of-use asset and lease liability at the commencement date.

The Company identified a single contract that is a lease as defined under IFRS 16. In analyzing the identified agreements in relation to its head office space in Vancouver, BC, the Company applied the lessee accounting model pursuant to IFRS 16 and considered all of the facts and circumstances surrounding the inception of the contract (but not future events that are not likely to occur). Lease liabilities were calculated with a discount rate of 10%.

The Company entered into a new office lease agreement commencing September 1, 2020 and terminating on August 31, 2022.

A reconciliation of the carrying amount of the lease liability is as follows:
